Fear of Intervention.

All accounts agree that the dissolution was brought about by fear of federal in-tervention. The Rock Island and Frisco lines parallel and tap each other at various points, and there is reason to believe that the interstate commerce commission had taken cognizance of the fact.

Another interesting phase of the transaction is that, despite denials, the current belief is that the Frisco will form some alliance with the lines of Edwin Hawley, the newcomer in the railroad world, who recently acquired, with B. F. Yoakum, control of the Missouri, Kansas & Texas. At the same time, the relations of the Frisco and the Rock Island

A bazar, which will long be remembered for its attractive features, opened yesterday in the spacious hall of St. Mary's and St. Parleck's Catholic parishes. Though the fair two years ago is still the talk of members of the parishes, it seems to be a united opinion that this endeavor will outshine others, financially as well as from the social viewpoint.

Booths, gorgeously decorated; sales tables, loaded down with attractive wares: a gypsy camp, in which fortunes are told, and a shooting gallery, showed activity, even before the appointed hour.
